Dear Mr. and Mrs. Savage,

My father mentioned to me that he had told you that the children were writing you "thank you" letters and indeed they did! I'm sorry to have not gotten them off to you sooner but some had to be copied over as this is their first year for letter writing. I hope you enjoy reading them as they vividly express their feelings, and mine. It was certainly wonderful of you to let us come, and we all enjoyed meeting

you. The children had
a day I'm sure they
will never forget.
As you know, most
of the children had
never been to a farm
as they live in the
city.

I thank you again
for everything you did
to make our trip
such a happy occasion.

Sincerely,
Patricia Griffith

Dear Mr. and Mrs. Savage and Linda,

My class and I had a very good time at the farm. I liked to ride Rex very much, and when I was coming back he almost bucked me off. When I was fishing I had a fish on my line but he got away. When I went home I told my mother what it was like and then I went to bed.

Dear Mr. and Mrs. Savage and Linda

Thank you for such a good time on your farm. I think it was nice of you to try to get the sheep for us to look at, and it was nice of Linda to let us ride Ray. I had a very good time on your farm. I especially like to fish, and it was nice of Mrs. Savage to let us use his rods, and I liked to get in the river and get all dirty, but when I got home I didn't want to take a bath. When my fish died I buried it and my brother put a cross on its grave.

I love the farm very much. The pony was pretty. And the roads wear fun to run down. When we went to see the cows they ran away from us. The chinks were a sherd of us. I got a show full of water when we went accrossed the stream.

Dear Mrs. and Mrs. Savage and Linda,
Tillie's little brother crawled in on his hands and knees to get a little girl's shoe but but didn't find the shoe. Do you know that I lost a carpe? I was lucky enough to catch a small cat fish. Even though I didn't get a ride on R as I still had fun. At the end of the fifth inning the score was 5 to 5 and I was center field I was going to ask if I could pitch the sixth inning. We had quit to go to see the animals.

Thank you very very much.

Dear Mr. and Mrs. Savage and Linda,

I thank you for letting me come to the farm. I had very much fun playing. I liked to ride on Rex the pony very much. I liked to see the cows, but every time we got close to them they would run away from us. I liked when Rex went down the hill slow, and came up the hill fast. I enjoyed best of all, the sheep, because they are so funny. When Mrs. Savage called them, the one would answer back at her. I had very much fun on the farm. I hope Miss Griffith will take us some other time.

Dear Mr. and Mrs. Savage and Linda,

Thank you for letting us come to the farm. I had a wonderful time at the farm last Saturday. That was the first time I have ever been to a farm, and I am glad that I came to yours. I liked the pony, and the fish and when we played baseball, but the only thing was that we were first up, but we won anyway 5 to 4. I hit a home run with a man up first. Then I took a ride on Pea, but anyway I had a good time. I hope I come again.

Dear Mr. and Mrs. Savage and Linda,

Thank you for letting the third grade visit your farm. Miss Griffith appreciated it very much and so did the third grade. Linda was very kind for letting us ride on her pony Rex. There were so many things that I saw I could not tell what I liked the best. It was so funny when my brother went in the mud with no shoes on to try to find some little girls shoes. She had lost it in the mud. Thank you for letting my brother and me come to your farm.
