

Duane Pelkey Is County Engineer-For-A-Day

Pictured are Guy Elbin, 555 Evening St., Franklin County Engineer, and Duane Pelkey, 609 Oxford St., Worthington High School athlete, who served as county engineer on County Citizenship Day March 7.

Bill Brown, 551 Oxford St., was elected to fill the office of sheriff.

For several years Worthington has participated in this lesson in practical politics. Students elect the officers which have been assigned to them and those elected spend the entire day learning something of the duties and responsibilities of those offices.
